

# The Coming of Spring

Words and Music By Thomas Bordeaux

Key of D

D  
Give me a song  
F  
Give me rhythm and rhyme  
C  
Find the warmth of the sun  
G C D  
In the circle of time

Breath new life to the trees  
F  
From the heavens above  
C  
On the cries of an infant  
G C D  
On the wings of a dove

And we sing

F C F  
Hala lu lajah Hala lu lajah  
G C D  
Oh for the coming of spring  
F C F  
And we sing Hala lu lajah Hala lu lajah  
G C D  
Oh For the coming of spring

Fill the forest with laughter  
The heavens with light  
On a warm moonlit evening  
Filled with lover's delight  
Fill the fields with flowers  
In colors that please  
For all of God's children  
Take comfort in these  
And we sing

Hala lu lajah Hala lu lajah

Oh for the coming of spring  
 And we sing Hala lu lajah Hala lu lajah  
 Oh For the coming of spring

Let the farmers prepare  
 All their fields to sew  
 Set the flocks out to pasture  
 Where the sweet clover grows  
 As the world makes its turning  
 In darkness and light  
 A new day waits beginning  
 On the edge of the night  
 And we sing

Hala lu lajah Hala lu lajah  
 Oh for the coming of spring  
 And we sing Hala lu lajah Hala lu lajah  
 Oh For the coming of spring

Take heart you good gentles  
 And warriors so bold  
 Know that winter will end  
 As is always foretold  
 Don't despair for the spring  
 Though it's winter's dark night  
 It's spring in your hearts  
 Though it's winter outside  
 And we sing...

Hala lu lajah Hala lu lajah  
 Oh for the coming of spring  
 And we sing Hala lu lajah Hala lu lajah  
 For the coming of spring
