

Health to Good Company – Virtual-bardic edition (part 1)

Based on the traditional song popularized by The Chieftains

Arrangement and Lyrics: Dorothea de Beckham (2021)

Kind friends and companions, come join me in rhyme Come lift up your voices in chorus with mine Come lift up your voices all grief to refrain For we may or might never all meet here again	<i>Traditional first verse</i>
Here's a health to the company and one to my host Let us drink and be merry all raise a toast Let us drink and be merry all grief to refrain For we may or might never all meet here again	<i>Chorus (x2 for ending)</i>
Here's a health to Baron Bjar, Bard Hard Montengarde! His grace and good cheer are never too far We regale him with stories and songs of the bold May they never, no never, no never get old	<i>Bard Hard with Montengarde - Avacal</i>
Here's a health to good Dahrien, who hosts Bardic Sprawls His shenanigans and antics do sprinkle the calls We'll drink chocolate milk, and breath IN through our nose For a zinger will surely fly to keep us on our toes	<i>Bardic Sprawl - Northshield</i>
Here's a health to good Nezhka, of Coastal Bardics Her grace and her beauty match wits so quick She smiles at our laughter, and leads us all in song With monsters and guardians, we'll travel along	<i>Coastal Bardic - Atlantia</i>
Here's a health to Hilla Stormbringer of MidBards and Friends The singing and shenanigans will never have an end Swap stories and chat away, while the music still plays Typing and laughing while on mute we do stay	<i>MidBards and Friends – Midrealm</i>
Here's a health to good William, of Meridies With Rohais, Matthias, and Davock each Friday We regale them with stories and songs of the bold Through the heat of the summer and dark winter's cold	<i>Friday Night Bardic - Meridies</i>
Here's a health to Gwen and Duncan, of Three Rivers nights With stalwart Jon they keep up the good fight To sing through the seasons through smiles and through tears We'll all sing together be we far or be near	<i>Three Rivers Bardic - Calontir</i>
